

Cell Phones, Wi-Fi, and the Wiring in Your Home: EMF Hazards **and Solutions**

Lecture on Wednesday, August 18th
The Gateway
West Los Angeles, CA
7- 9 pm

CELL PHONE

“Mobile phone use ‘raises children’s risk of brain cancer fivefold’”

– The Independent, 9/21/08

WI-FI

“Cell Phone Cover-Up, Is Your Brain at Risk?”

– News With Views, 8/16/08

WIRING

Most bedrooms have 1-10 times the “Extreme” level of biological risk, according to the Building Biology profession

What are the health effects of exposure to EMFs from cell phones, cordless telephones, Wi-Fi and the wiring in your home? Learn simple and affordable ways to protect yourself from harm as you use wireless technologies (over and above adding chips and diodes). Oram will also present strategies to gain a much deeper, restorative night's sleep.

LOCATION

The Gateway
2503 S. Barrington Avenue, West Los Angeles, CA
310-479-0430

Located at the northwest corner of S. Barrington Avenue and Gateway Blvd, just south of I-10 and west of I-405 Park in the lot to the west of the building, then enter on the east side, 1st floor through the door at the outdoor patio.

\$5 donation suggested

Oram Miller, BBEI
